## Why to sponsor *Solid-State Science & Research 2017*?

*Solid-State Science & Research meeting is a multidisciplinary forum for presenting experimental, theoretical and computational research from all fields of solid-state and materials science.*

You are cordially invited on behalf of the Organising committee to sponsor the 1<sup>st</sup> **Solid-State Science & Research** meeting, which will take place at the Department of Chemistry of the Faculty of Science in Zagreb from 28<sup>th</sup> to 30<sup>th</sup> June 2017.

**Solid-State Science & Research** is started with an intention to bring together scientists involved in theoretical, experimental and applied research in solid-state physics, chemistry, material science and geology. The meeting will allow participants to present their research before a multidisciplinary audience and to meet and exchange ideas with experts coming from various fields of solid-state science.

**Solid-State Science & Research** will provide you a platform to promote your company in front of a broad scientific community of solid-state research. It is a unique opportunity to introduce your products to the targeted group of potential users and interested buyers. You will have an opportunity to interact and present to a highly focused audience of scientists and pharmaceutical experts.

We will try to incorporate all your suggestions and requests so for any further information about the sponsoring opportunities and promotions during the meeting please visit our website at [scires.irb.hr](http://scires.irb.hr), or contact us directly by e-mail [scires@irb.hr](mailto:scires@irb.hr).

We are looking forward to your contributions.
